WHY CHOOSE US?

WE DON'T FIT THE MOLD

From programming that goes beyond bingo to our innovative, rotating menu concepts, we aren't your typical senior living community. In every aspect of community life, we are moving away from ordinary and pushing for extraordinary.

YOU ARE AT THE HEART OF WHAT WE DO

We honor and respect the incredible life you've led and strive to offer the same fulfilling, rewarding, and delightful lifestyle you deserve. Aging doesn't mean giving up hobbies or losing touch with loved ones. We can help you to age fearlessly and live colorfully every day.

INNOVATIVE COLLABORATIONS

We have teamed up with the best of the best to bring you cutting-edge technology, incredible care and health partners, and best-in-class food preparations. Being a part of our community means being a part of our family. We'd want what's best for them, and we want what's best for you.

A LIFESTYLE

When you need a little help, Assisted Living or Memory Care provides a better and brighter tomorrow. Our team members are here to meet your specific needs.

ASSISTED LIVING

Your life, your support, your way. Our supportive health services ensure you have the freedom to enjoy new experiences, with just the right amount of help, all while maintaining your independence. With your personalized care plan, you get the services you need, and don't pay for those you don't. What if things change? It's OK. Your care plan changes with you.

MEMORY CARE

Our Montessori-based philosophy for care means we foster development of a true community for residents with dementia and their families. Your loved one's abilities, interests, and preferences will be encouraged and maximized. We know residents living in our Memory Care neighborhood can still engage in and enjoy life to its fullest, we see it happen every day.

SERVICES AND FEES

We will help to create a personalized care plan so you get the support you need. Please see the community price sheet for additional information.

THAT FITS

AGE FEARLESSLY LIVE COLORFULLY

WE ARE REDEFINING WHAT IT MEANS TO LIVE IN A SENIOR LIVING COMMUNITY

At HighPointe Assisted Living & Memory Care, we know that there is more to retirement than bingo and scenic rides. Regardless of age, the opportunity to learn new things, and to broaden one's horizons is an important part of a healthy lifestyle. We inspire those who choose to live here to be engaged in their life, to be adventurous, and to rethink what retirement living can be. We're not satisfied to simply "think outside the box," we decided to throw the box away, encouraging you to partake in any way you want, exploring new interests and learning new things every day. Retirement living can be different...let us show you how!

PURPOSEFUL PROJECTS

Our residents live extraordinary lives, and we honor their passions and interests by including them in the conversation. With resident feedback, YOU inspire our programming and calendar of activities. This intrinsically motivates greater participation and involvement in ways that yield tangible and meaningful results. *We can't wait to have you contribute your talents and ideas!*
